- White anti-static ABS
- 1,1L transparent removable easily refillable reservoir
- Large window to monitor the level of soap/ge
- Push button mechanism and anti-drip system
- Key lock
- Flow rate: 1.3 ml per pressure
- Compatible with hydroalcoholic gels (except microbeads). (not provided)

Dimensions:

Without packaging :

Weight : 9,8 kg
Volume : 0,240 m3
Dim. (L*I*H) : 380x380x1630 mm

With packaging :

Weight : 10,5 kg
Volume : 0,250 m3
Dim. (L*I*H) : 390x390x1640 mm

Custom Code : 73239900
Gencod: 3019920524913

Advantages :

- Robust
- Great stability, to be placed directly on the ground with 4 adjustable feet or to be fixed by 4 points
- Simple to use and to refill
- Cost effective, dispenses the correct dose of sanitiser each time
- With pedal avoiding contact of the hands with the dispenser

Palettisation:

Quantity	8
Height (in m)	1,76
Number of items /layer	8
Number of layers / pallet	1
Pallet size (in mm)	1200x800
Weight (in kg)	94

Colours : Manganese Grey

Precautions for use :

- The station must be installed in a place at ambient temperature (15°C to 25°C), recommended, away from heat and direct sunlight, away from any flammable source and in a well-ventilated room.

- All our disinfection stations require regular cleaning (once a week): emptying the gel, cleaning the tank with hot water, filling with the gel.
